

Ronald F. Owens Jr.'s Stop COVID-19 Vaccines in California 2025 Year-End Progress Report

Little did I know when a coworker took this picture on November 13, 2023, that I would have ridden by the end of 2025 more than 14,400 miles to 51 out of 58 California County Boards of Supervisor meetings and urged elected officials to stop the COVID-19 shots.

INTRODUCTION

I was a California Department of Public Health (CDPH) Information Officer 2 (IO2) from March 2, 2009 until December 31, 2023.

On April 14, 2022, Department of Health and Human Services Secretary **Xavier Becerra** said this about COVID-19 vaccines: “*We know that vaccines are killing people of color, Blacks, Latinos, Indigenous People at about two times the rate of White Americans.*” (Source: White House “Convening on Equity Summit,” April 14, 2022, YouTube video, <https://youtu.be/_VhHn06REHM>. Secretary **Becerra’s** quote begins at the 45:50 mark. To hear the question asked of Housing and Urban Development Secretary **Marcia Fudge**, scroll back to the 42:53 mark).

As a black man who loves all humanity, this really shocked and concerned me.

On Monday, April 18, 2022, at 11:58 am, I emailed Deputy Director **Ali Bay** and copied Media Team Supervisor **Brian Micek**. In that email I informed them what **Becerra** said. I indicated that more than 1.25 million reports were filled with the Vaccine Adverse Events Reporting System (VAERS), a database system co-managed by the Centers for Disease Control and Prevention (CDC). I reported to Deputy Director **Bay**/Media Team Supervisor **Micek** there were 26,976 COVID-19 vaccine deaths on VAERS. I shared VAERS data showing COVID-19 vaccine allergic reactions, facial paralysis, miscarriages, heart attacks, heart inflammations, seizures, strokes, and sudden deaths. I advised them to make CDPH management, California Health and Human Services Agency officials, and Governor's Office personnel aware of **Becerra's** concerning comment and VAERS data. "Thanks for your email, **Ron**," emailed Deputy Director **Bay** at 2:41 pm that day, unalarmed at learning that COVID-19 vaccines were injuring and killing people.

On October 13, 2022, at 4:54 pm, I revisited the issue. I emailed Deputy Director **Bay** again. In that follow-up email I indicated that more than 1.43 million reports were filled with VAERS, an increase of approximately 18,000 reports. I reported to Deputy Director **Bay** there were 31,330 deaths, which was an increase of 4,354 deaths. I noted that in 2003, the smallpox vaccine program for healthcare workers was halted just after two deaths! I also noted that VAERS data reflects only a small number of actual injuries and deaths.

Deputy Director **Bay** did not respond to my October 13, 2022, email, but Media Team Supervisor **Micek** did. In Media Team Supervisor's Thursday, October 20, 2022, 4:14 pm email he stated my COVID-19 vaccine concerns "*is in conflict with the Department's stance and research findings on vaccination.*" He invited me "*to learn about CDPH's official position*" regarding COVID-19 vaccines. He expressed "*concern that my personal research efforts may be a misuse of both state time and equipment.*" Essentially, Media Team Supervisor **Micek** threatened me with disciplinary action, even though I was doing my job.

I considered filing a complaint with CDPH's Civil Rights Unit. But at that time, I didn't want to make the issue about me, the messenger. The issue was about the injury-sparing and life-saving information that was being withheld—and to this day is still being withheld—from 40 million Californians. So, after much prayer and reflection I decided not to file a complaint.

On August 22, 2023, I tried to share that "*We know that [COVID-19] vaccines are killing people of color...*" Secretary **Becerra** statement at the daily afternoon Media Team meeting. There were 11 other CDPH staff—Deputy Director **Bay**,

Assistant Deputy Director **Melinda McCrae**, Media Team Supervisor **Micek**, seven Public Information Officers (PIOs) and an Associate Governmental Program Analyst—on that videoconference. Deputy Director **Bay** tried to muzzle me. When Deputy Director **Bay** saw that I would not be muzzled, she ordered Media Team Supervisor **Micek** to shut down the videoconference. He did so while I was speaking in mid-sentence.

On August 24, 2023, at 5:02 pm, I emailed CDPH Assistant Director **Christine Siador**. In that email I informed **Siador** everything that I shared in my October 13, 2022 and April 18, 2022, emails to Deputy Director **Bay**. I also reported to CDPH Assistant Director **Siador** there were 31,330 deaths. In that email I also included the number of California injuries (82,824) and California deaths (639).

On September 6, 2023, at 4:09 pm, CDPH Assistant Director **Siador** emailed me back and wrote, among other things, “*Secretary **Becerra** misspoke, and was actually discussing deaths associated with COVID-19, not the vaccines.*”

Between 1992 to 2023, I held PIO positions at the Governor’s Office of Emergency Services, the Department of Motor Vehicles, the California Community Colleges Chancellor’s Office and CDPH. During my nearly 30 years with the state, I handled many news releases. Anytime there’s a misstatement, we corrected the record and resent the news release. I must reiterate, **Becerra’s** quote is still on the White House’s official YouTube channel and thus it has been part of the public record since April 14, 2022.

On September 21, 2023, at 12:07 pm, I was issued a counseling memorandum, which in retrospect was a pretext for management to impose stronger disciplinary action (e.g., docking my pay) if I had challenged, the ensuing twelve months of my probationary period, CDPH’s “*COVID-19 vaccines are safe and effective*” message.

Unfortunately, CDPH management made it about me rather than 40 million other Californians. I prematurely retired so state public health officials could not muzzle truth from the public. Since coming out as a whistleblower, I published a book titled Muzzled Truth, established [MuzzledTruth.com](https://muzzledtruth.com) website, have been interviewed by podcasters and shared my whistleblower story before small gatherings.

CALIFORNIA'S 58 COUNTY BOARD OF SUPERVISORS INFORMED

In California, 33,613,401 people, or 85 percent of the state's population, has received at least one COVID-19 dose, according to USAFacts, a not-for-profit resource rooted in publicly available data. COVID-19 vaccines have harmed many of these people in this state.

By November 28, 2025, there were 97,268 COVID-19 vaccine California cases published in [VAERSAware.com](https://www.vaersaware.com). From that number, 756 Californians died from COVID-19 vaccines. From that number, 84 died of COVID-19 vaccine administered by a California pharmacist. (These data are conservative estimates).

CDPH partners with County Health Officers and County Public Information Officers (PIOs). My oath as a California state civil service employee—as previously noted my classification was an IO2—did not expire when I retired on December 31, 2023. Since state government, i.e., CDPH, the California Health and Human Services Agency and the Governor's Office; plus mainstream media outlets have failed to inform 40 million Californians about COVID-19 vaccine risks I have undertaken the task to do so.

Thus, I made the decision in July, 2024, to provide written notification to all 58 BOS—totaling 296 county-elected and 62 administratively appointed local officials. (Please read “7/23 Sacramento County COVID-19 Vaccine Shot Warning” and “7/29 CA's 57 Other Boards of Supervisors COVID-19 Shot Warning” on this website). This decision was made after discussing my COVID-19 vaccine concerns and sharing my CDPH whistleblower story with then-Sacramento County Supervisor **Sue Frost**, an unsung hero in California who warned people about COVID-19 vaccine risks from the outset. In my July, 2024 email I urged County Supervisors to direct their County Health Officers to stop promoting, administering and distributing COVID-19 vaccines, in accordance with California Health & Safety Code 101025, which states, “*the Board of Supervisors of each county shall take measures as may be necessary to preserve and protect the public health.*”

I have followed up that written notification by riding my Can-Am Spyder (two tires in front/one tire in back) motorcycle to Board of Supervisor meetings. To date I have ridden more than 14,400 miles to 51 out of California 58 county Board of Supervisor meetings and spoke during the public comment period on matters not on the agenda.

Below are the years, counties, cities and dates I have spoken at Board of Supervisor meetings the last 19 months.

2024 and 2025 California County Board of Supervisors meeting appearances

Sacramento (Sacramento) on 5/21/24, 6/4, 7/9, 8/6, 12/10, 7/8/25 and 12/9/25; **San Joaquin** (Stockton) 8/13; **El Dorado** (Placerville) 8/20; **Yolo** (Woodland) 8/27; **Solano** (Fairfield) 9/10; **Santa Cruz** (Santa Cruz) 9/24; **Alameda** (Oakland) 10/1; **Butte** (Oroville) 10/8, 2/11/25 and 12/16/25; **Colusa** (Colusa) 10/15; **Placer** (Auburn) 10/22; **Marin** (San Rafael) 10/29; **Santa Clara** (San Jose) 11/5; **Nevada** (Nevada City) 11/12; **Glenn** (Willows) 11/26 and 12/23/25; **Tehama** (Red Bluff) 12/3; **Lake** (Lakeport) 12/17; **Sutter** (Yuba City) 12/17; and **Shasta** (Redding) 12/19.

2025 California County Board of Supervisors Meeting Appearances

Yuba (Marysville) on 1/14/25; **Contra Costa** (Martinez), 1/21; **Stanislaus** (Modesto), (1/28 and 8/19); **Napa** (Napa) 2/4; **Monterey** (Salinas) 2/18; **Sonoma** (Santa Rosa) 2/25; **Tuolumne** (Sonora) 3/4; **Amador** (Jackson) 3/11; **San Francisco** (San Francisco) 3/18; **Calaveras** (San Andreas) 3/25; **Mariposa** (Mariposa) 4/1; **Mendocino** (Willits) 4/8; **Plumas** (Quincy) 4/15; **Merced** (Merced) 4/22; **Ventura** (Ventura) 4/29; **San Benito** (Hollister) 5/6; **Mono** (Bridgeport) 5/13; **Modoc** (Alturas) 5/27; **Sierra** (Downieville) 6/3; **San Mateo** (Redwood City) 6/10; **Lassen** (Susanville) (6/17); **Tulare** (Visalia) 7/22; **Kern** (Bakersfield) 7/29; **Madera** (Madera) 8/5; **Kings** (Hanford) 8/12; **Fresno** (Fresno) 8/19; **Del Norte** (Crescent City) 8/26; **Alpine** (Markleeville) 9/2; **Siskiyou** (Yreka) 9/16; **Humboldt** (Eureka) 9/23; **Santa Barbara** (Santa Maria) 10/14; **Trinity** (Weaverville) 10/21 and **San Luis Obispo** (San Luis Obispo) 11/4.

2026 California County Board of Supervisors Meeting Appearances Planned

The seven remaining California county in-person meeting appearances are: **Inyo** (Independence); **Los Angeles** (Los Angeles) **San Bernardino** (San Bernardino); **Orange** (Santa Ana); **Riverside** (Riverside); **San Diego** (San Diego); and **Imperial** (El Centro).

SHASTA COUNTY RESIDENTS NOTIFIED ABOUT COVID-19 VACCINE

Butte County resident **Julie Threet** joined me on this COVID-19 vaccine stop the shots mission after I spoke before her and **Diana Dreis'** Butte County BOS on

October 8, 2024. Me and **Julie** plus local activists —principally Shasta County resident **Lori Bridgeford**—were instrumental in the scheduling of a May 13, 2025, Board of Supervisors meeting, which informed residents about COVID-19 vaccine risks. This all started just over a year ago.

Here's the timeline of how that occurred.

1. On December 19, 2024, Butte County resident **Julie Threet** and I informed Shasta County Board of Supervisors about COVID-19 vaccine risks.
2. On Wednesday, January 8, 2025, Shasta County resident **Lori Bridgeford** gave a copy of my Muzzled Truth book to Shasta County Public Health Officer Dr. **James Mu**.
3. On January 27, 2025, **Julie** and I met —at the behest of then-Shasta County BOS Chair **Kevin Crye**—with Health Officer Dr. **Mu**, Public Health Deputy Director **Shellisa Moore**, Clinical Nursing Coordinator **Megan Groshong**, and Acting Assistant Agency Director **Dwayne Green**. They listened intently as **Julie** (Butte County health whistleblower) and I (CDPH whistleblower) shared our respective whistleblower stories and expressed our concerns about the COVID-19 vaccines. After that meeting **Julie** and I then met with Chairman **Crye** and Shasta County Supervisor **Corkey Harmon**. We briefed them what happened during the first meeting. My takeaway then—it looked like COVID-19 vaccine risks issue will be put on Board of Supervisors meeting agenda in March for public airing, according to Chairman **Crye**, who asked **Julie** to return to Redding the next morning and speak during public comment.
4. On January 28, 2025, **Julie** returned to Shasta County and shared more information with Shasta County BOS. Meanwhile, I rode to Modesto on my Can-Am Spyder motorcycle and appeared before Stanislaus County BOS.
5. On May 13, 2025, Shasta County Health Officer Dr. **Mu** informed residents about COVID-19 vaccine risks. During the public comment period some expressed concerns about the COVID-19 vaccines and others vouched for their safety and efficacy.

While **Julie** and I are pleased that we informed Shasta County about COVID-19 vaccine risks, it is unfortunate that local officials are still promoting, administering, and distributing COVID-19 vaccines to more than 180,000 Shasta County residents, according to the County's Health and Human Services website.

Here's what I learned from twelve BOS members from across the state while riding throughout California on my stop the COVID-19 shots mission.

1. El Dorado County Supervisor **Mark Treat** wrote in an August 21, 2024, email that El Dorado County Board of Supervisors passed a resolution on November 16, 2021, declaring opposition to vaccine mandates for school children. **Treat** said he and their Board applaud my efforts to keep people informed.
2. Placer County Supervisor **Shanti Landon** expressed an interest about learning more about COVID-19 vaccine adverse events. **Landon** met with me via Zoom on November 21, 2024, and I shared with her more detailed information about what I informed Placer County Board of Supervisors at their October 22, 2024 meeting.
3. Stanislaus County Supervisor **Chance Condit** wrote in a January 28, 2025, email that my comments were very alarming. He wanted to see the evidence for himself. He appreciated me visiting and stated he wanted to meet with me to discuss further. However after emailing me three additional on February 11, August 19 and August 20; and after expressing an interest to also meet with **Julie Threet**, Supervisor **Condit** has yet to schedule such a meeting.
4. Amador County Supervisor **Brian Oneto** stated during their March 11, 2025, Board Meeting that he talked to OBGYN nurses who told him they're seeing young ladies having menstrual disruptions from COVID-19 vaccines.
5. Placer County Supervisor **Bonnie Gore** also expressed an interest in learning more about COVID-19 vaccine risks. **Gore**, a colleague of Supervisor **Shanti Landon**, thanked me for taking the time to reach out to them and share my continued concerns. So **Julie Threet** and I met with **Gore** and her chief of staff (**Landon Wolf**) on March 12, 2025.
6. Mariposa County Supervisor **Danette Toso** expressed in an April 3, 2025 email that she appreciated the information I provided. She stated this is a very serious issue that has fallen on deaf ears for way too long and she divulged she is constantly researching the negative impacts of the COVID shot.
7. Lassen County Supervisor **Mike Scanlan** wrote a June 18, 2025 email and shared with me that there were some that took the COVID-19 vaccine with no effect, and sadly there were some who were affected to varying degrees, including some who died as well.
8. Tulare County Supervisor **Dennis Townsend** wrote in a July 28, 2025 email, that their county did not enforce shutdowns, require mandatory vaccines or issue masking mandates. The Sheriff did not make any arrests, and the District Attorney vowed not to prosecute. The Board issued a statement about keeping the county open which drew the ire of the state including threats to withhold CARES Act funding. County health officials provided events to receive the shots and distributed them in community events. Some board members, including himself, did not take the shots.

9. Shasta County Supervisor **Kevin Crye** informed me during an August 25, 2025 interview with him on his podcast that he has talked to people who have been injured by COVID-19 vaccines.
10. Del Norte County Supervisor **Dean Wilson** told me on August 26, 2025, that he appreciated my comments so much he left the dais during the meeting, came outside the Board Chambers, shook my hand while I was talking to Del Norte County Sheriff **Garrett Scott** in the hallway, and thanked me for confirming his suspicions about COVID-19 vaccine risks.
11. Trinity County Supervisor **Jill Cox** thanked me in an October 22, 2025 email, for sharing my concerns at their Board meeting, acknowledged that experiences similar to my own hit members of her family who chose or were required to jump in on the vaccine as well, and opined that the COVID experiment was horrific.
12. Glenn County Supervisor **Grant Carmon** told me during a December 23, 2025 parking lot conversation that he would be opposed if California Gov. **Gavin Newsom** imposed COVID-19 vaccine mandates on school children.

Here's what else I learned.

- Riverside County Sheriff deputies are having strokes and heart attacks in their 20s, Riverside County Sheriff-Coroner **Chad Bianco** informed Butte County resident **Julie Threet** and me during a June 25, 2025, Zoom call meeting. Sheriff **Bianco** is running for California governor.
- A Kings County employee shared with tears in her eyes that her mother died shortly after receiving COVID-19 vaccine.
- A Fresno County nurse (**Michelle Spencer**) is suing her hospital employer (Community Regional Medical Center) because they hid a 400 percent increase of fetal demise (stillbirths) since the administration of the COVID-19 vaccines.
- A second Fresno County nurse who “tracked me down” after she saw me speak on a Facebook post before Fresno County Board of Supervisors on August 19, 2025, said she has also witnessed a rapid increase of fetal demise at her hospital.
- An Alpine County law enforcement officer and a county resident both told me they haven't felt the same since they were injected with the COVID-19 vaccines. Another Alpine County employee said COVID-19 vaccine caused Bell's Palsy and during our conversation, she removed her hat, and I saw damage done to her right eye and right side of her face.
- In Sacramento County, Texas internist, cardiologist, and epidemiologist Dr. **Peter McCullough** —the most peer-reviewed physician on the planet—told an Elk Grove, California, audience on November 6, 2025, that former NFL star/

now University of Colorado Buffalos football head coach **Deion Sanders** has been injured by COVID-19 vaccines.

Who knows what else what **Julie** and I will learn during our seven remaining California county/city location in-person meeting appearances of **Inyo** (Independence or Tecopa); **Los Angeles** (Los Angeles); **San Bernardino** (San Bernardino); **Orange** (Santa Ana); **Riverside** (Riverside); **San Diego** (San Diego); and **Imperial** (El Centro).

CALIFORNIA BOARD OF PHARMACY NOTIFIED

In addition to appearing before the state’s Boards of Supervisors **Julie Threet** and I have also informed the California Department of Consumer Affairs Board of Pharmacy (BoP). I have appeared before the BoP four times. **Julie** shared the dangers of the COVID-19 vaccines with the BoP on 11/1/23, 12/13/23, 4/25/24, 7/31/24, 11/6/24, 12/4/24, 1/8/25, 2/6/25, 3/6/25, 4/9/25, 6/19/25 and 11/5/25.

MAINSTREAM MEDIA JOURNALISTS, OUTLETS, ASSOCIATIONS AND ORGANIZATIONS NOTIFIED ABOUT COVID-19 RISKS

Californians were told “*COVID-19 vaccines are safe and effective.*” That is a lie that has been propagandized by the mainstream media. To that extent I have challenged California’s journalists and mainstream media outlets to start reporting what’s going on. Mainstream media journalists, outlets and associations have been informed that there is an alarming public health catastrophe happening and they have to report about it. I have notified the following via email on the dates indicated:

1. **Charles Ford Champion II**, President & CEO, California News Publishers Association (CNPA), December 5, 2024
2. **Brittney Barsotti**, CNPA General Counsel, December 5, 2024
3. **Cecelia Drake**, CNPA Chief Revenue Officer, December 5, 2024
4. **Ashley Bryant**, CNPA Assistant Controller, December 5, 2024
5. **Ellen Hiatt**, Executive Director, Washington Newspaper Publishers Association, December 27, 2024
6. **Cory McCoy**, Tri-City (Kennewick, WA) Herald News, December 27, 2024
7. **Joe Berry**, President & CEO, California Broadcasters Association, January 24, 2025
8. **Emily Woodruff**, Health Reporter/Staff Writer, The (Baton Rouge, LA) Advocate, February 15, 2025

9. **McHugh David**, Sr., Executive Director, Louisiana Press Association, February 15, 2025
10. **Laura Guido**, Reporter, Idaho Press Statehouse, February 24, 2025
11. Idaho Press Club, Newspaper Association of Idaho and Idaho State Broadcasters Association, February 24, 2025
12. **Mike Wolcott**, Editor, Chico (CA) Enterprise-Record, June 16, 2025
13. Chair **Nicole Vick**; Vice Chair **Abner Mason**; Board Secretary **Caila Jones-Menefee**; Dr. **Jerry P. Abraham**; Ms. **E'Tiffany Jones**; Executive Director **Rhonda Smith**; Executive Assistant **Jessica Garza**; Sr. Network and Membership Manager **Jamila Jabulani**; Office Administrator and Covered CA Coordinator **Sandra Simpson**; and Program Coordinator **Sylvie Wilson**, all with the California Black Health Network, June 28, 2025
14. **Greg Hillburn**, Statehouse Reporter, Shreveport (LA) Times, September 14, 2025
15. **Jerry Olenyn**, Reporter, Action News Now, Chico, CA, October 6, 2025
16. **Julie Watts**, Investigative Correspondent, CBS News and CBS News California Investigates, October 9, 2025
17. **Mike Wolcott**, Editor, Chico (CA) Enterprise-Record, October 16, 2025
18. **Jake Hutchison**, Reporter, Chico (CA) Enterprise-Record, October 16, 2025
19. **Lauren Gardner**, Reporter, POLITICO, November 14, 2025
20. **Lauren Weber**, Health and Science Accountability Reporter, The Washington Post, November 14, 2025
21. **Jessica Nix**, Public Health Reporter, Bloomberg, November 14, 2025
22. **Sheryl Gay Stolberg**, Health Policy Journalist, The New York Times, November 14, 2025
23. **Ashley Zavala**, Political Director, KCRA-TV (NBC/Sacramento), November 19, 2025
24. **Cece Woods**, Editor in Chief, The Current Report, December 5, 2025

PODCASTERS AND JOURNALISTS WHO INTERVIEWED ME OR REPORTED ABOUT COVID-19 VACCINE RISKS

1. **Sarah Westall** with Business Game Changers, January 20, 2024
2. **Brad Dacus**, President & CEO, Pacific Justice Institute, March 4, 2024
3. **Peggy Hall** with The Healthy American, July 30, 2024
4. Dr. **Stephen Frost** and **Charles Kovess** with Medical Doctors for COVID Ethics International, August 13, 2024
5. **Todd Hansen**, Managing Editor, Daily Fairfield Republic, September 20, 2024
6. **Brandon Johnson**, **Kris Hurst** and **Ron Powe** with Wake The Bear Radio, September 23, 2024

7. **Mic Rosado** with Intentional, October 23, 2024
8. Dr. **James Thorp** and Dr. **Renata Moon** with Two Docs, January 17, 2025
9. **Paul Preston** with Agenda 21 Radio/New California State, also interviewed **Julie Threet**, January 21, 2025
10. **Jeremiah Hosea** with The Bassline, January 31, 2025
11. Dr. **Mary Talley Bowden** with America Out Loud, also interviewed **Julie Threet**, February 4, 2025
12. LASD Chief **Patrick Jordan** with Morning Coffee with the Chief, March 5, 2025
13. **David Zublick** and **Penny Shepard** with The Awake Nation on 3/31/25, 4/18/25, 5/2/25, 5/30/25, 6/13/25, 6/27/25, 7/25/25, 8/22/25, 9/5/25 and 9/25/25
14. **Sharyl Attkisson** with The **Sharyl Attkisson** Podcast, April 10, 2025
15. Nurse **Michele** RN with Nurse **Michele** Talks, April 10, 2025
16. **Kevin Crye** with The **Kevin Crye** show (broadcasts on KCNR-AM/FM, Redding), April 13, 2025
17. **Lynne Scott Haggerman** with The **Lynne Scott Haggerman** Show, April 16, 2025
18. **Carolyn Blakeman** with The American Granddaughter, also interviewed **Julie Threet**, April 23, 2025
19. **Polly Tommey** Host of CHD.TV, June 4, 2025
20. **Jeremiah Hosea** with The Bassline also interviewed **Julie Threet**, June 6, 2025
21. **Jennifer Esposito**, Editor in Chief, The Mohave Free Press, June 11, 2025
22. **Sam Williams**, Managing Editor, Lassen News, June 18, 2025
23. Dr. **Stephen Frost** with Medical Doctors for COVID Ethics International, also featured **Julie Threet**, July 22, 2025
24. **Dilara Esengil** and Producer **Bill** with A Fistful of Truth, August 20, 2025
25. **Curtis Cost** with **Curtis Cost's** Newsletter, also featured **Dee Dee**, Dr. **Paul Thomas**, **Polly Tommey**, **Michael Kane**, Dr. **Christiane Northrup**, **John Gilmore**, **Michelle Spencer**, **Laraine Abbey-Katzev**, **Rosangel Perez**, **Brucha Weisberger** and **Albert Benavides**, September 12, 2025
26. **Robyn Jackson Stegner** with Courage Is The Cure, September 29, 2025
27. **Sharyl Attkisson**, Managing Editor and Host, Full Measure with **Sharyl Attkisson**, October 13, 2025
28. **Rebecca Terrell**, Senior Editor, The New American magazine, October 29, 2025
29. **Apollo Zizas** with **Apollo** The Original Podcast, November 5, 2025
30. **Tamara Johnson-Shealey** with Faith, Purpose and Politics podcast, December 30, 2025

PUBLIC COMMENT PROVIDED & LETTERS ADDRESSED TO

1. CA Department of Consumer Affairs, Board of Pharmacy, December 4, 2024
2. Food and Drug Administration's Vaccines and Related Biological Products Advisory Committee, May 22, 2025
3. Disease Control and Prevention's Advisory Committee on Immunization Practices, June 26, 2025
4. "**Spencer vs. Community Medical Centers**" press conference/prayer vigil, August 8, 2025. (Fresno County nurse **Michelle Spencer** sued her hospital employer, Community Medical Centers, for fraud, retaliation, and cover up of rapid increase of baby deaths since administration of the COVID-19 vaccines. I shared timeline of what I did to inform CDPH management about COVID-19 vaccine risks).
5. Dr. **Paul Cannings**, Senior Pastor, Living Word Fellowship, Houston, TX, November 10, 2025.

*A security guard took picture at left on February 4, 2025, after I informed Napa County Board of Supervisors about the dangers of the COVID-19 vaccines. **Julie Threet** and I are pictured at San Francisco City Hall on March 18, 2025, before we urged eleven city and county Board of Supervisor members there to stop the shots because "vaccines are killing people."*

CONCLUSION:

I will prepare an amended report when we complete what the LORD tasked us to do. Upon completion, I may be the only person in the state's 175-year storied history to travel to and speak before every California County Board of Supervisors. Informing people about the dangers of COVID-19 vaccines necessitated such effort.
